

Invitation

Program

8th Interdisciplinary Congress on Prevention-Oriented Medicine, Dentistry and Dental Hygiene

Update on Oral Fitness, Implant Safety & The Mouth-Body Connection 2023

An International Team of Doctors, Dentists, Economists and Lawyers
Gives you a Comprehensive Overview of the Latest Topics in Dentistry,
Implantology and Oral-Systemic Medicine

2023, SEPTEMBER, 15-16

Althoff Grandhotel Schloss Bensberg, Bergisch Gladbach (near Cologne, Germany)

12 Continuing Education Credits (Pending, Subject to Grant); Applies to Participation in the Entire Program, i.e. Friday and Saturday

In Cooperation with **dentognostics**

DEAR COLLEAGUES,

The oral medical healthcare market is changing at lightning speed. Doctors, dentists, dental hygienists and health economists face enormous challenges.

At the same time, the positive "patient experience" is becoming increasingly important and requires the integration of the most modern procedures in order to be able to offer sustainability, aesthetics and oral-systemic health at the highest level.

With the selection of topics for the 8th Interdisciplinary Congress 2023 in Schloss Bensberg, we are deliberately setting new accents that can positively inspire and expand the workflow in your practice, your range of treatments, and your patient communication and value development.

Expand and deepen your skills in the areas of:

- Workflow integration in oral-systemic medicine & therapy
- Implantological sustainability: new strategies to avoid peri-implantitis
- Oral Fitness & dental prevention concepts for the practice & dental hygiene
- 2023/24 Innovation Updates: micronutrient therapy, zero plaque strategy, vitamin D, implant safety, sports dentistry, laser, etc.

Simultaneous
Translation
(German/English)
on Saturday

The interdisciplinary selection of topics and speakers forms an exciting and international "bridge" between science, medicine, dentistry and dental hygiene/prevention.

You will gain insight into the latest scientific findings and innovative technologies as well as their integration into the practice workflow. The active exchange with the experts in the intensive workshops rounds off your participation in the congress, as you can selectively decide which focal points and areas of interest you would like to deepen in 2023/24.

Make your individual selection and become part of our expert network of the DMS – Deutsche MundgesundheitsStiftung (The German Oral Health Foundation) and GesundheitsSenat Deutschland (The German Senate of Health).

We look forward to your participation!

Sincerely yours,
D.R. Gieselmann
-General Secretary-
DMS – Deutsche MundgesundheitsStiftung
GesundheitsSenat Deutschland

and The Congressional Board
Prof. Dr. Bernd Kleine-Gunk
Dr. Angelika Brandl-Riedel

The Congressional Board

Opening Speech

Prof. Dr. Bernd Kleine-Gunk
Gynecologist,
Preventive Medicine,
President, GSAAM, Germany

Dr. Angelika Brandl-Riedel
Chairwoman of the German
Dental Association e.V.
Dusseldorf, Germany

Prof. Dr. Henrik Dommisch
President,
DGP (German Perio Society),
Germany

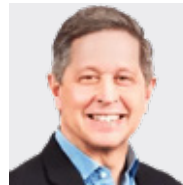

International Expert Speaker Team

Prof. Thomas Albrektsson
Implantologe,
Sweden

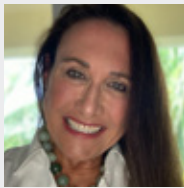

Daniel Burke
Chief Enterprise Strategy
Officer & Legal Counsel,
Pacific Dental Services, USA

Dr. Joseph Carpentieri
DDS, New York,
USA

Dr. Eddie Coyle
Chief Medical Officer
Colosseum Dental Group,
Switzerland

Anita Daniels
RDH,
Dental Hygiene Education
Expert, USA

Martin Fors
MBA,
Health Economy Expert,
Finland

Louis Richard Gieselmann
Psychologe,
FU Berlin,
Germany

Dr. Richard Lazzara
D.M.D, MScD,
Private Practice,
West Palm Beach, FL, USA

Prof. Bernd Lepow,
Psychologe,
Alzheimer Experte,
Germany

Dr. Najib Nassar
Reproduktionsmediziner,
Germany

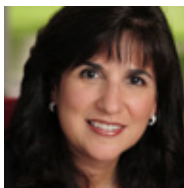

Dr. Tommi Pättilä
Cardiac Surgeon,
Associate Professor,
HUS, Finland

Prof. Dr. Dr. Andreas Pfütznern
Diabetologe,
Pfuetzner Life Science, Mainz, Germany

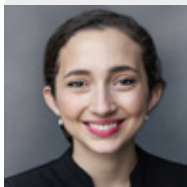

Tassilo Pollmeier
DZVS,
Hilden, Germany

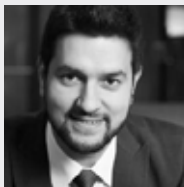

Prof. Dr. Maria Ryan
VP and Chief Clinical
Officer
COLGATE-PALMOLIVE,
NYC, USA

Dr. Erik Salvesen
CEO, Oris Dental,
D.D.S, Periodontist,
Norway

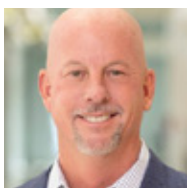

Dr. Victoria Sampson
D.D.S,
Preventive Dentistry,
London, UK

Prof. M. A. Shazib
Oralsystemischer Zahnme-
diziner,
Associate Professor,
High Point University, USA

Prof. Dr. Timo Sorsa
Dept. Oral & Maxillofacial
Disease, University
Helsinki, Finland

Stephen Thorne
BA, MHA,
CEO & Founder, Pacific
Dental Services, USA

Prof. Dr. M.Sc. Gerd Volland
Laser Dentistry Expert,
Universität Sevilla, Spain

Prof. Dr. Elmar Wienecke
Sportwissenschaft &
Mikronährstofftherapie,
FHM, Bielefeld, Germany

RA Dr. Dr. Astrid Windels-Pietsch
Dentist & Lawyer,
Dortmund, Germany

Dr. Peter Zeitz
Informationsstelle
Gesundheit,
Germany

Edward J. Zuckerberg,
D.D.S., F.A.G.D.
CEO at Painless Social Media LLC
Venture Partner at Revere Partners
Chief Dental Officer at Keystone Bio
Chief Dental Officer at Viome

Friday, September 15

Program

12:00 – 18:30 h

11:00 – 12:30

**Board Meeting DMS – Deutsche MundgesundheitsStiftung,
GesundheitsSenat Deutschland & Senat der Wirtschaft**

(Closed Session for DMS Ambassadors with Separate Personal Invitation)

12:00 **Arrival/Registration/Welcome Snacks**

13:00 – 18:30 **Breakout Sessions/Intensive Workshops**

Your Intensive Workshop

Language
English

All presentations in the intensive workshop are in “TED talk mode;” i.e., the experts present their topics in a compressed form of 22 minutes, followed by the opportunity for direct interaction.

1 Patient-Centered Oral Health Management

Language: English

Topics covered will include:

Update on Professional Dental Care Management in 2023 and Beyond

How Dental Service Organizations (DSOs) will accelerate Dental Health Management by Improving Patient Experience, Outcome of Treatment, Workflow Organization, Business Economics and Work Life Balance of Employees.

The Mouth-Body Connection Concept – Empowering Patients & Encouraging Positive Treatment Choices. Workflow integration – Best Practice Models.

Speakers: Dr. Eddie Coyle, Colosseum Dental Group, Switzerland: CENTRAL EU
Dr. Erik Salvesen, Oris Dental, Norway/Martin Forss Finland: NORDICS
Dan Burke, PDS/Dr. Deepika Dhama, DMD, USA: USA

Dental Hygiene and Prevention:

Improving Practice Economics

Anita Daniels, RDH, USA

Biomarkers Accelerating Patients Visit Frequency

Dr. Richard Lazzara, USA

Reception & Awards Dinner**

Time - 19:30 - 22:00 | Location - Ballroom

** (RSVP required)

2

Focus: Oral Health Management in Germany

Language: German

Topic: Update in Dentistry under Difficult Conditions

Successful Concepts for Securing Future Sales, Employee Acquisition,
Online & Social Media Communication, Legal Protection and
Economic Strategies to Increase Practice Value

Professional Practice Management 2024

Dr. Eduard Stapler

Sales Protection (Private Health Insurance Concept) &
Personnel Recruitment (Employer Branding)

Dipl. Oec. Tassilo Pollmeier

Update Legal Facts 2023 – Legal Protection Strategies

Dr. Astrid Windels-Pietzsch

Communication for Professionals – Social Media & Online

Dr. Stefan Strauss

Leadership Networking The Senate of Health Germany

Dr. Christoph Brüssel, Senat der Wirtschaft

Increasing the Reach of the Practice

Dr. Peter Zeitz

3

Focus: Dental Hygiene Update for 2023 –
Oral Fitness & Implant Safety

Language: German

Topic: Prophylaxis Becomes Preventive Medicine – The Future Role of
Innovative Dental Hygiene Concepts for Patients and Practices

Technology, Therapies and Procedures for Early Detection, Therapy and
Maintenance of Natural Teeth, Implants and General Health for Life

Dental Health Policy 2023/24

Dr. Angelika Brandl-Riedel

Zero Plaque Strategy Using Dual-Light Treatment

Prof. Werner Birgler

Decontamination with Dental Lasers

Prof. Gerd Volland

Micronutrient Therapy in Dentistry

Prof. Dr. Wienecke

Patient Communication & Intrinsic Motivation

Louis R. Gieselmann/Prof. Dr. Leprow

Update on Biomarker Diagnostics in Practice

Sebastian Holuk

Live Sessions – Innovations for Prevention

Sebastian Holuk/Prof. Birgler

Reception & Awards Dinner**

Time - 19:30 - 22:00 | Location - Ballroom

** (RSVP required)

Saturday, September 16

Program

9:00 – 18:00 h

Main
Scientific Program
German/English
Simultaneous
Translation

09:00 – 09:05 Opening Speech

Quo Vadis with Oral Health Management 2023?

The importance of predictive diagnostics for personalized periodontal prevention

Prof. Dr. Henrik Dommisch, President, DGP (German Perio Society), Germany

09:05 – 12:30 Oral Fitness & The Mouth-Body Connection Update 2023: What Every Dental Practice Should Know about the Connection between Oral and Body Health

Oral Inflamm-Aging: Reduce the Speed of Aging through Oral Fitness

How chronic low-level inflammation accelerates aging and promotes chronic diseases

Prof. Dr. Bernd Kleine-Gunk, Preventive Medicine Specialist, Germany

Fertility & Oral Health Update in 2023

Why good oral health increases chances for successful conception

Dr. Najib Nassar, Reproductive Medicine Specialist, Germany

From Destruction to Regeneration – Why We Need Proper Micronutrition

The importance of micronutrient therapy for dentistry, implantology and dental hygiene

Prof. Elmar Wienecke, Sports Medicine Expert, Germany

10:45 – 11:00 Coffeebreak

Oral Diabetes Management: The Bidirectional Connection

Reduction of insulin requirements through oral inflammation prevention

Prof. Dr. Andreas Pfützner, Diabetologist, Germany

Oral Fitness over Neurodegeneration: Alzheimer's Prevention Begins in the Mouth

How does Porphyromonas gingivalis get into the brain?

Prof. Bernd Leplow, Psychologist, Alzheimer's Expert, Germany

aMMP-8 Testing: A Game Changer for Clinical Practice

How aMMP-8 Oral fitness screening sets a new standard of care for oral-systemic health competence in dentistry and medicine

Dr. Joseph Carpentieri DDS, USA

12:30 – 13:45 Lunchbreak

13:45 – 17:45 Oral Fitness & Oral-Systemic Health Prevention in Practice Workflow

The Mouth-Body Connection Will change Dentistry to Oral-Systemic Medicine

Oral-systemic health prevention as a successful concept of one of the most successful American dental chains: Pacific Dental Services – a field report

Stephen Thorne, Founder Pacific Dental Services PDS, USA

Knowing my OQ™: Why Next generation's oral health awareness and selfempowerment will evolve dentistry

A glimpse into the future: how patient empowerment and other innovations will transform dentistry to improve more than oral health alone

Dr. Maria Ryan, Colgate, USA

From Science to Real Life – What We Need to Achieve to Improve Oral-Systemic Health

From science to training and practice – oral systemic medicine, the recipe for success for the dental practice of the future

Prof. M. A. Shazib, High Point University, USA

No Dentistry on Mars: Why NASA & ESA Use Predictive Diagnostics

The importance of predictive diagnostics for the future dentistry

Dr. Victoria Sampson, DDS, United Kingdom

Re-Connecting dentistry & medicine by microbiome analytics and oral biomarker assessment

Edward J. Zuckerberg, D.D.S.,F.A.G.D., USA

15:15 – 15:30 Coffeebreak

**13:45 – 17:45 Implant Safety & Sustainability Update 2023:
Implants for a Lifetime?! From Osseointegration to Lifelong Sustainability**

From Osseointegration to Long-Term Implant Sustainability

Immune modulation – the importance of soft tissue stability for long-term implant preservation

Prof. Thomas Albrektsson, Implantologist, Sweden

Biomolecular Diagnostics – The Key to Sustainable Implants

Scientific update – the importance of predictive diagnostics for implant health

Prof. Dr. Timo Sorsa, aMMP-8 Discoverer, Finland

Professional Implant Safety Concepts – What Is New?

No implant without a sustainability concept – the Implant Safety Plan as the "Standard of Care" for every implantology practice

Dr. Richard Lazzara, Periodontist/Implantologist, USA

Zero Plaque Strategy – The Key to Long-Term Sustainability

The importance of dual-light therapy for the sustainability of dental implants and natural teeth

Dr. Tommi Pätälä, Cardiac Surgeon, Finland

17:30 – 17:45 Scientific Summary & Expert Discussion

D.R. Gieselmann, General Secretary, DMS – Deutsche MundgesundheitsStiftung, Germany

18:00 The End
